The Department of Geography in association with IQAC conducted the fourth series of student's webinar Geographica Chapter-4 titled FIASCO on 15 th February, 2022 in Google Meet platform. The webinar aims to provide the higher secondary students of various parts of Kerala the scope of Geography mainly on Disaster Management field. This is the fourth consecutive year the department conducts the orientation programme for the school students to draw their attention in taking up the discipline for their higher studies. The students from various parts of Kerala attended the session.

A total of 75 participants including 35 higher secondary students attended the session. The programme was formally welcomed by Smt. Mereena C.S, the HOD of the Department of Geography and inaugurated by Smt. Jaya A.S. Principal, Govt. College Kariavattom, with an inaugural address stressing the need of awareness among the school students on various disciplines and its prospects before stepping into higher learning in today's world. The key Speaker of the Webinar was Mr. Rajeev T.R., Hazard Analyst, DCO, Idukki Disaster Management Authority. He is also the Alumni of the department. He highlighted the application and career opportunities in Disaster Management field. The session was followed by Q & A session where the participants interacted with the resource person. The meeting was felicitated by Dr. Nishad N, Assistant Professor in Geography and Dr. Ahammed P, Guest Lecturer in Geography. The session concluded at 12.15 pm with a vote of thanks by Dr. Karthika K, Assistant Professor of Geography, Government College Kariavattom
