**REPORT
ON
PG ENTRANCE CLASSES 2021-22 AY
(Advanced Learners Program)**

It has become obligatory in today's world that the student has to prove their skills and knowledge in order to follow a career in which they are passionate about. It is highly essential for the learners to clear the entrance examination to get an admission in the top educational institutions for their higher education. The Department of Geography of Government College Kariavattom, has introduced classes on 'PG ENTRANCE', for providing guidance and coaching to the advanced learners of B.Sc. final years of the department. The group aims to provide the best study material to make the student preparation effectively for upcoming PG entrance examinations in various universities, providing the tips and strategies to attempt a

question in a minimum span of time, guidance to improve their performances, intimating the students on the notifications of university entrances and to counsel and guide the students to help in making right careers on their discipline. Google meet sessions were taken during the vacations to provide highest level of results from the students. In the academic year 2021-22, there were 22 students who joined in the classes in the group who wish to join in various universities for their higher education and career in geography.

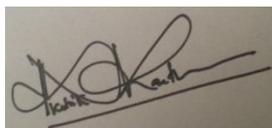

The faculties of the department acted as counselors to analyse the personality character of their students and helps to find the best possible career options which suit as per the learners strong arenas in the discipline. Those students were directed to crack the entrances of higher education centres that provide utmost learning in their expertise fields. The following students (as of 21-11-2022 as admissions are still carried out across various universities in India) were successfully placed in various Higher education departments all across the country during the academic year 2022- 23.
