

73rd REPUBLIC DAY CELEBRATIONS

Republic Day is a national holiday in India, when the country marks and celebrates the date on which the Constitution of India came into effect on 26 January 1950, replacing the Government of India Act (1935) as the governing document of India and thus, turning the nation into a newly formed republic.

The Constitution was adopted by the Indian Constituent Assembly on 26 November 1949 and came into effect on 26 January 1950 with a democratic government system, completing the country's transition towards becoming an independent republic. 26 January was chosen as the date for Republic day because it was on this day in 1930 when the Declaration of Indian Independence (Purna Swaraj) was proclaimed by the Indian National Congress in lieu of the Realm status as a Dominion later instated by the departing British Regime.

REPUBLIC DAY 2022 THEME - INDIA @75

Republic Day 2022 is being observed on January 26 as 73rd republic day of India. This year, the theme of Republic Day is 'India@75' to honour 75 years of independence of our country. This year the celebration of Republic Day has been started from 23rd January instead of 24th January in the honour of Netaji Subhas Chandra Bose.

NSS Unit 17 A & B celebrated Republic day by organising four day program from 25th to 26th Jan 2022.

Day 3: ഹരിതകം - Plastic Waste Collection and Disposal

As a part of 73rd Republic Day celebrations, National Service Scheme Unit 17 A&B, Govt College Kariavattom organized a green initiative named 'ഹരിതകം' on 27th of Jan,2022 for collecting all plastic wastes from home and disposing it in an apt way. 58 volunteers participated in this program.

Plastic threatens the very existence of the earth!

Team Prithvi organized 'ഘരിതകം' initiative.

Why We Need To Do More?

1. Only 9% of all plastic produced is recycled
2. A whopping 2 million plastic bags are used every minute worldwide
3. Single-use plastics are illegal in some parts of the world
4. Every minute of every day a truckload of plastic is dumped into the the ocean
5. 73% of beach litter worldwide is plastic.
6. One million plastic bottles are bought every minute

7. There could be more plastic than fish in the ocean by 2050
8. Up to 95% of plastic polluting oceans is carried by 10 rivers
9. 99% of seabirds will be eating plastic by 2050
10. The average person eats 70,000 microplastics each year
11. The average time that a plastic bag is used is just 12 minutes.
12. Over the past 50 years, world plastic production has doubled
