Government College Kariavattom
STUDENTS SATISFACTION SURVEY REPORT- 2022-23

A student satisfaction survey is conducted annually by Government College Kariavattom in an effort to improve the effectiveness of the school's administrative and academic operations. A survey was also administered to students who graduated from our college's departments in the academic year 2022–2023, using a set of questions based on the NAAC criteria. Over 300 students completed the survey, and the results have been evaluated.

Every year, a student satisfaction survey is carried out to find out how students feel about teaching, learning, and evaluation. This information will be used to improve the standard of procedures that are followed at our institution. The survey will be conducted in an anonymous manner for the students. A broad range of skills necessary for the teaching process are included in the questionnaire.

The Questionnaire is based on the likert scale on a graded marking system. The students' response is based on a scale 0 to 4. Highest positive response is rated as 4 and the lowest negative response is rated as 0. Questionnaire were sent in Google forms through the link https://forms.gle/Utss9RskixRmGX397 to students' whatsapp groups. This fetched response from 321 students was recorded and performance of stakeholders were analyzed with regards to the feedback provided. End analysis of the survey is done using software which will aggregate the response and generate the score of student satisfaction survey. A robust mechanism is followed by this software so as to follow a holistic unambiguous approach towards quantifying the student feedback in a comprehensively inferable manner. Inference from the feedback is analyzed thoroughly by the appellate authorities and corrective measures are implemented.
