

VISIT TO THE NEIGHBOURING CAMPUS/ GEOLOGY DEPARTMENT BY FIRST YEAR STUDENTS

As Department of Geography is running graduate course, one among the major initiative for us to acquaint the students familiarize with a post graduate department. In the academic year 2022-23 the new comers in the department were given an opportunity to visit the Department of Geology , Kariavattom Campus , University of Kerala. The students are studying Geology as their subsidiary course. The proximity of Karyavattom campus as a neighbor for the college was the major highlight because it helped the students for arriving the scope and programs of post graduate department in University of Kerala.

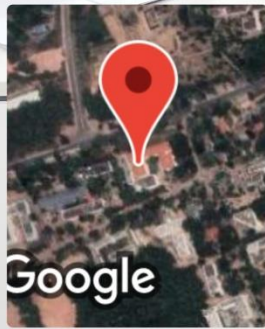

The visit was conducted on 10th January 2023.

Students familiarized with the following thrust areas from Geology Department

1. Lecture and discussion from Dr Rajesh Reghunath and Dr Anilkumar, faculties in the visiting department.
2. Visit to the Geology Rock museum and interaction with research scholars
3. Training in Geospatial Lab

Student participation was 100%
