

2021-22

GENDER SENSITIZATION AND ANTI DOWRY CAMPAIGN

Organised by University of Kerala Centre for Women' Studies in association with Govt. College Kariavattom Women Cell, Gender sensitization cell and NSS.

The program aims at introduction of ideas of Gender sensitization and dowry prohibition act to college students. The program was inaugurated by Adv. A. Ajikumar, Member, Syndicate, University of Kerala. He remarked that gender equality should begin at home, and boys and girls should be grown with equal opportunities.

The program started with a warm presidential address by Smt.A.S.Jaya, the Principal, Govt. College, Kariavattom. The principal mentioned about the threats and problems of sexual harassment persists in our much-educated society, despite of the laws and protection policies insisted by the Government. Laws should touch the common people, and society should be aware of the judicial movements for women's protection.

Dr. Sini H, Convener, Gender Sensitization cell, Govt. College, Kariavattom delivered felicitation address to the program, stated that women and children being the most vulnerable groups in the society, and the need of this program is to create awareness among young students and to spread the idea into their homes and society.

Dr.Salom Njana Thanga, Head, Department of Environmental Science, University of Kerala was an invited special speaker for motivating the students. She gave a talk on the importance of women empowerment in all realms of life, entry of men into previously prohibited 'kitchen duties' with sharing of all jobs at home and moving out for serving then society. She emphasized on the importance of girl child' education in each family.

The resource person's address:

Dr. Seema Jerome, Associate Professor, Department of Malayalam, University of Kerala, presented a very concise and valid idea of gender sensitization in our society. She remarked the historical events led to demarcation of gender, difference between sex and gender, the undue pressure on boys and girls to live up to the established norms of masculinity and femininity. Girls undergo unwanted social control. Boys enjoy the privilege of being dominant all these times.

Dr. Meena Kumari, Assistant Professor, Law College, Thiruvananthapuram summarised the law and orders prohibiting dowry in the state, explained the first national legislation related to dowry in India, the Dowry Prohibition Act. Even this law is in act, from 1961, which is meant to prevent the dowry system in India, dowry continue to be widespread in our country. Brides are harassed and killed by brutal homicide. Dr. Meena Kumari addressed the students and made them think whether they wish to be a commodity in their life. Girls are not materials to be sold in marriage market, she added with a note on real life examples.

The sessions were very useful and informative. Students did a brief interaction with the speakers. The program was concluded by the vote of thanks by Dr. Jairani PS, Convener, Women's cell.
