

Dr. Aneeshkumar Arimbasseri, (Alumni of Biochemistry Department- 1998-2001 batch, Govt. College Kariavattom), Scientist, National Institute of Immunology, New Delhi, delivered a talk on “Changing face of Biochemistry” during National seminar organized by the Department of Biochemistry DCE from 30th January to 1st Feb 2019, on “Biomedical Research: Changing Paradigms Across Time”.

PREFACE & INVITATION	PROGRAMME SCHEDULE	TECHNICAL SESSIONS
<p>The Department of Biochemistry commenced along with the establishment of the college in 1997 and is the first ever in Kerala to introduce undergraduate course in Biochemistry in the government sector.</p> <p>We are organizing a three-day National Seminar on “BIOMEDICAL RESEARCH: CHANGING PARADIGMS ACROSS TIME” from 30.01.2019 to 01.02.2019.</p> <p>Biomedical research involves the investigation of biological process and causes of disease through careful observation, experimentation, analysis, and testing. Multiple trends are changing the nature and environment of biomedical research, including the persistent need for better approaches to clinical research, health services research, and evidence-based medicine. This seminar will focus on the changing patterns of diverse areas of biomedical research over time.</p> <p>We cordially invite the participation of faculty members, research scholars and post graduate/under graduate students of your institution.</p> <p style="text-align: center;">Thanking You</p> <p>Dr. B. Umikrishnan Nair Principal</p> <p>Dr. Sini. H. Asst. Professor & Head Department of Biochemistry</p> <p>Dr. C. R.
